

# HALIFAX FIRE DEPARTMENT PRESENTS

## Fundraiser Golf Tournament & Auction

### September 29th, 2014

**THE HALIFAX FIRE DEPARTMENT** is excited to present our first fundraising golf tournament. We are a union-affiliated and combination style department that operates south of Boston in the south shore of Massachusetts. We reside in a town comprised of 17.3 square miles with over 7,500 residents. We are seeking all donations to purchase a Polaris Ranger, 6x6, off-road vehicle (ORV). The funds will also purchase several accessories for this unit.

The town of Halifax is comprised of numerous dirt trails, off road paths, wildlife management areas, small reservoirs, cranberry bogs, multiple swamps and 2 large ponds. Approximately 1.2

square miles of the town is made up of water. We have 3,070 acres of conservation land, 390 acres of cranberry bogs, and 4,480 acres of wetlands. Many areas are severely limited in their accessibility and can only be reach with off-road vehicles or on foot. The Ranger would make virtually most of the town accessible as never before. Our forestry vehicles are standard and extended cab Ford trucks that are originally designed for light off-road use and never intended to go through the harsh terrain. They have gotten stuck multiple times and not reliable in any wet terrain environment. We feel that the Polaris Ranger would be an invaluable asset to the Halifax Fire Department. The capabilities would be such a tremendous asset to our department and the town of Halifax. We have needed an ORV for many years and it would safely and effectively upgrade our ability to respond to calls.

**HALIFAX COUNTRY CLUB • 100 COUNTRY CLUB DRIVE • HALIFAX, MA • 781-293-9061**  
**12:30<sub>pm</sub> Registration • 1:30<sub>pm</sub> Shotgun Start • 6:00<sub>pm</sub> Post Tournament Dinner**
